**BID DOCUMENTS**

THE EXISTING FINISHED FLOOR ELEVATIONS WERE NOT AVAILABLE, THEREFORE THE NEW SLAB IS TO BE AS PER THE REVISED CONCEPT SLOPING PLAN, ATTACHED. THE PERIMETER AND NEW BUILDINGS WATER RUN-OFF IS BEING COLLECTED AND TAKEN UNDERGROUND TO A MRA. THEREFORE THE WATER TO BE SURFACE SLOPED IS ANTICIPATED TO BE MINIMUM AND ONLY DURING WIND SHEET RAIN EVENTS.

THE EXISTING CONDITIONS ARE TO BE FIELD VERIFIED BY THE G.C. VIA A SURVEYOR, TO DETERMINE ALL EXISTING TOP OF DRAIN, BUILDING FINISHED FLOOR ELEVATIONS AND EXTERIOR SIDE WALK ELEVATIONS. THIS WILL BE USED BY THE G.C. TO SUBMIT TO THE ARCHITECT FOR PROPER DETERMINATION OF EXISTING CONDITIONS AND THE SLOPING SOLUTION OF THE NEW SLAB.
