The individual submitting the Proposal must, and shall be deemed to, have binding authority to submit contracts on behalf of the responding firm.

- (c) **Mistakes.** Proposers are expected to examine the specifications, delivery schedule, bid prices, extensions, and all instruction pertaining to the solicitation. Failure to do so shall be at Proposer's risk and expense. All extensions of the unit prices shown, and the subsequent addition of extended amounts, shall be verified by City. In the event of a discrepancy between the sum of the extended amounts and the bid total, the unit price shall govern (if applicable). The City reserves the right to add to or delete any item from a bid or resulting award when deemed to be in the best interest of the City.
- (d) **Subcontractors and Equipment Manufacturers.** Proposer may be required to submit, in writing, the names and addresses (and other material information) for any proposed subcontractors or equipment manufacturers identified in the Proposal. - (g) **Sole Proposer.** Where only a single responsible and responsive Proposal is received, City may, in its sole discretion, elect to conduct a price or cost analysis of the Proposal. Such Proposer shall cooperate with the City's analysis and provide such supplemental information as may be required. The determination whether to enter into an agreement with a sole Proposer shall be solely within the City's discretion and shall not be conditioned upon the City's performance of a price or cost analysis.
- (h) **Shortlisting and Oral Presentations.** In general, City wishes to avoid the expense (to the City and to proposing firms) of unnecessary presentations. Therefore, City will make every reasonable effort to rank/select firms based on written submittals alone. If no single top-ranked firm can be clearly identified by review of the written submittals alone, the City may shortlist Proposals and require those Proposers to make oral presentations, participate in interviews, or answer questions. These presentations, interviews, and questions will provide Proposers with an opportunity to demonstrate their qualifications, approach to the project, and ability to furnish the required services. City reserves the right in all instances to conduct personal interviews or require presentations of any or all Proposers prior to selection. City shall not be liable for any costs incurred by Proposers in connection with personal interviews or presentations (i.e., travel, accommodations).
- (i) **City's Selection Committee.** City's selection committee may consist of representatives from the City of Ocala, City Council members, and/or the Mayor. City reserves the right to adjust the makeup of the selection committee. Evaluation criteria and selection schedules will be announced either within the solicitation documents or with the posting of a Public Notice.
